NOTICE TO CONTRACTORS

Effective immediately, the City of Milwaukee has adopted an ordinance relative to Prompt Payment as follows:

2.9.16.b) It is the City's policy to pay all invoices within 30 days. If the City does not make payment within 45 days after receipt of properly completed supporting payment and other required contract documentation, the City shall pay simple interest beginning with the 31st calendar day at the rate of one percent per month (unless the amount due is subject to a good-faith dispute and, before the 45th day of receipt, notice of the dispute is sent to the contractor by first-class mail, personally delivered, or sent in accordance with the notice provisions in the contract). If there are subcontractors, consistent with s.66.0135(3), Wis. Stats., the prime contractor must pay the subcontractors for satisfactory work within seven days of the contractor's receipt of payment from the City of Milwaukee, or seven days from receipt of a properly submitted and approved invoice from the subcontractor, whichever is later. If the contractor fails to make timely payment to a subcontractor, the contractor shall pay interest at the rate of 12 percent per year, compounded monthly, beginning with the 8th calendar day. City Of Milwaukee

Department Of Public Works

Minority/Women/Small Business Enterprise (MWSBE) Provisions

I. General

- A. In accordance with Chapter 370 of the Milwaukee Code of Ordinances, Minority/Women/Small Business Enterprise (M/W/SBE) participation is required in all contracting activities of the Department of Public Works. The ordinance requires that certified MWSBEs be utilized for 25% of the total dollars annually expended through prime contracts or subcontracts for Construction and the purchase of Goods and Services. For the purchase of Professional Services the requirement is 18%. To that end, the Commissioner of Public Works, as a contracting officer for the City, requires all bidders to utilize MWSBEs as subcontractors and material suppliers on all contracts. For this contract, bidders are required to achieve a minimum _____% MWSBE participation.
- B. The prime contractor shall prepare and submit accurate and timely MWSBE utilization forms and reports to the Department of Public Works. The reports shall include, but not be limited to, Compliance Plan (Form A), monthly utilization (Form D), and MWSBE subcontractor payment certification (Form E) forms as directed. Failure to submit the required forms and reports to the Department of Public Works may result in disqualification of future bids, delay of payments, or other appropriate sanctions. Final contract payments will not be made until final MWSBE utilization reports and MWSBE subcontractor payment certification forms are on file with the Department of Public Works.
- C. During the performance of this contract, the Department of Public Works reserves the right to conduct compliance reviews. If the contractor is not in compliance with the specifications, the Commissioner of Public Works will notify the contractor in writing of the corrective action that will bring the contractor into compliance. If the contractor fails or refuses to take corrective action as directed, the Department of Public Works may take one or more of the actions listed below:
1. Terminate or cancel the contract, in whole or in part.
 2. Consider possible debarment of the prime contractor from bidding.
 3. Withhold payments on the contract.
 4. Any other remedy available to the City at law or in equity.

II. Definitions

- A. "MINORITY/WOMAN/SMALL BUSINESS ENTERPRISE" (MBE), (WBE) or (SBE) means a small business concern that is 51% owned, operated and controlled by one or more individuals who are a minority, woman and/or a small business owner (who is at an "economic disadvantage"). The individuals must have day-to-day operational and managerial control and interest in capital, financial risks and earnings commensurate with the percentage of their ownership.
- B. "OWNED, OPERATED AND CONTROLLED" means a business which is one of the following:
1. A sole proprietorship legitimately owned and operated and controlled by a minority, women or an individual at a disadvantage as defined in Chapter 370.
 2. A partnership or joint venture legitimately owned, operated and controlled by individuals who are minorities, women or individuals who are at a disadvantage and who own at least 51% of the beneficial ownership interests in the enterprise and who hold at least 51% of the voting interests of the enterprise eligible as defined in Chapter 370.
 3. A corporation legitimately owned, operated and controlled by one or more individuals who are a minority, woman or individual at a disadvantage and who own at least 51% of the

outstanding shares and who hold at least 51% of the voting interests of the corporation eligible as defined in Chapter 370.

III. MWSBE Utilization Requirements

- A. Each prime contractor shall utilize MWSBE to a minimum of _____% on this contract. Note that the prime contractors shall be required to attain MWSBE participation on their base bid excluding specified allowances, alternatives, and change orders. MWSBE commitments relative to contract award shall be based upon the approved MWSBE Compliance Plan (Form A).
- B. The determination of MWSBE utilization shall be based on the following criteria:
 1. The firms identified as MWSBE by the prime contractor on the MWSBE Compliance Plan (Form A) must be certified by the Office of Small Business Development prior to bid opening.
 2. The prime contractor shall be credited for the entire expenditure to MWSBE firms only if all of the identified scope of work is performed directly by the certified MWSBE firm.
 3. The prime contractor shall be credited for the entire expenditure to MWSBE manufacturer only if the manufacturer produces goods from raw materials or substantially alters them for resale. Only 20% of the MWSBE goals may be expended for MWSBE suppliers that do not manufacture products they supply.
 4. The prime contractor shall count toward the MWSBE requirement only those payments to MWSBEs who perform a commercially-useful function in the actual performance of the contract. While that generally means an MWSBE should be engaged in direct contract work, a "commercially-useful function" may also include management of a third tier subcontractor. For example, while an MWSBE trucking subcontractor is always expected to perform some direct work on the project, in some cases it may become necessary to subcontract work out to one or more third tier subcontractors. If a third tier subcontractor is also an MWSBE, the full amount of the work performed by that third tier MWSBE can be counted toward MWSBE participation. However, if the third party subcontractor is not an MWSBE, the prime contractor may only count 20% of the amount being subcontracted to the third tier non-MWSBE subcontractor. MWSBEs are required to notify the Department of Public Works if they subcontract out work so that the Department can determine how much, if any, of the subcontracted work can be counted toward the MWSBE requirement. The Commissioner of Public Works will make the final determination and evaluation of whether the MWSBE is performing a commercially-useful function.
- C. The contractor, by signing and submitting a bid, certifies that the contractor understands the provisions of Chapter 370 and knows of and intends to comply with them. The completed MWSBE Compliance Plan (Form A) must be submitted by the apparent low bid contractor within three (3) working days after the identification of the "low bidder."
 1. Information on Form A shall include, but not be limited to:
 - a. The names, addresses, telephone numbers, MWSBE Certification designation and contact person names for the certified MWSBE contractors that will participate on the project as subcontractors or suppliers;
 - b. A description of the scope of work to be performed by the MWSBE on this project; and
 - c. The MWSBE contractor dollar value(s) and corresponding percentages that the dollar values represent of the total contract amount.
 2. Listing an MWSBE on the Compliance Plan (Form A) shall constitute a representation that the contractor has communicated directly with the MWSBEs listed. If awarded the

contract, the bidder will enter into a subcontract with the firm for the portion of the work listed.

3. MWSBE participation is an element of bid responsiveness. Failure to meet the specified MWSBE requirements will render the bid unresponsive. The contract may then be awarded to the next apparent low bidder. Under certain circumstances, failure to meet specified MWSBE requirements after submission of an apparent low bid may result in surrender of the bidder's bid bond.
4. Only MWSBEs that have been certified by the Office of Small Business Development may be listed on the MWSBE Compliance Plan (Form A) and counted towards the percentage requirements on this project. A listing of the currently City certified MWSBE firms is maintained at:

Office of Small Business Development
200 East Wells Street
City Hall, Room 606
Milwaukee, Wisconsin 53202
Phone: (414) 286-5553
FAX: (414) 286-8752

- D. After execution of the contract, if for any reason an MWSBE cannot perform, the prime contractor shall contact the Commissioner of Public Works for approval to substitute another certified MWSBE firm. The prime contractor must submit a written request for substitution which specifies the reasons for the request. Approval must be obtained prior to making substitutions. Any difference in the cost occasioned by such substitution shall be borne by the prime contractor. If the prime contractor cannot find another certified firm to do the work at a comparable price, a non-MWSBE firm may be substituted with the approval of the Commissioner of Public Works.
- E. If the prime contractor has a problem in meeting the MWSBE requirements or if any other problems relative to MWSBE(s) arise during the completion of this project, the prime contractor shall immediately contact the Commissioner of Public Works.
- F. Certification from programs other than the Office of Small Business Development is neither accepted by the City of Milwaukee nor do they have any bearing whatsoever on the eligibility criteria established by the City of Milwaukee.
- G. Right to Appeal.

All contracts awarded under ss.7-14-2 and 7-22 of the City Charter shall be awarded by the Commissioner of Public Works to the lowest responsible bidder determined in accordance with applicable City ordinances for participation of the Office of Small Business Development. Following the opening of any bid involving a determination under applicable City ordinances for participation of MWSBE, the Commissioner of Public Works shall make a written recommendation as to the lowest responsible bidder and notify all bidders by publication in an official City newspaper as to the content of the written recommendation. Any bidder who objects to the recommendation on grounds of determinations made under applicable City ordinances for participation of MWSBE may appeal the recommendation on such grounds by filing a written appeal with the Commissioner of Public Works within five (5) working days of the date of publication. The appeal shall state the specific objection to the recommendation, include supporting documentation and specify an alternative recommendation. The Commissioner of Public Works shall schedule a hearing before an appeals committee consisting of the Chair of the Economic Development Committee or the Chair's designee, a member of the Economic Development Committee selected by the Chair and the Director of the Office of Small Business Development to be held within five (5) days of receipt of the appeal. The Committee shall have authority by majority vote to affirm or set aside the recommendation of the Commissioner of Public Works and its decision in this regard shall be final. In the event a timely appeal, meeting the requirements above is not filed, or the Committee affirms the Commissioner's recommendation following a timely appeal, meeting the requirements above, the Commissioner shall make an award in accordance with the recommendation.

H. Percentage of Required MWSBE Participation

Construction 25%

The Purchase of Goods and Services 25%

The Purchase of Professional Services 18%

The following tables outline the specific types of Business Enterprises and the percentage requirement for particular contract types. Once the specific enterprise percentage listed below is met for a particular contract type the overall MWSBE percentage requirement may be met by using any other certified MWSBE

For example, a Construction contract requiring 25% MWSBE can be achieved by using an African American MWSBE for 5.57, an Asian American MWSBE for .07 and a WBE for 7.31. The remaining 12.05% can be met by using any certified MWSBE.

	Construction	Goods & Services	Professional Services
MBE			
African American Firms	5.57%		
Asian American Firms	0.07%		
Hispanic Firms		3.23%	
Native American Firms		0.17%	
WBE	7.31%	17.09%	
SBE	12.05%	4.51%	18%
TOTAL	25%	25%	18%

Service Contract Wage Requirement Provisions**

I. General

- A. In accordance with Chapter 310-13 of the Milwaukee Code of Ordinances, adherence to a minimum wage requirement is mandatory for all Department of Public Works' Service Contracts. The ordinance requires that all workers, permanent or temporary, employed in any work performed as part of a service contract, as defined in II B herein, awarded after December 31, 1995, shall receive and be paid a sum of not less than \$6.05 per hour. **On March 1, 1996, and each March 1 thereafter, the minimum hourly wage shall be adjusted to the amount required to produce, for 2080 hours worked, an annual income equal to the U.S. Department of Health and Human Services most recent poverty guideline for a family of three. No contractor may use the minimum wage requirement of this subsection to reduce the wage paid to any person employed by the contractor as of December 31, 1995.**
- B. The Contractor agrees to prepare and submit an affidavit, Form J, within ten days following the Contractor's completion of the contract, and to procure and submit a like affidavit from every subcontractor employed by the contractor to the Department of Public Works regarding every person employed on or under this contract or subcontract. Said affidavits shall certify that each and every employee has been paid in full the amount of not less than **\$9.18** per hour and that there has not been, nor is to be, any rebate or refund of any part of said wages by the employee to the employer.
- C. During the performance of this contract, the Department of Public Works reserves the right to conduct compliance reviews. If the Contractor is not in compliance with the specifications, the Commissioner of Public Works will notify the Contractor in writing of the corrective action that will bring the contractor into compliance. If the contractor fails or refuses to take corrective action as directed or if the contractor, prime or sub, submits any documents which contain any fake, misleading or fraudulent information or if the contractor or subcontractor fails to comply with this ordinance, the Department of Public Works may take one or more of the actions listed below:
1. Withhold payments on the contract.
 2. Terminate, suspend, or cancel the contract in whole or in part.
 3. After due process, consider debarment of the contractor from bidding for a one-year period after the first violation and for a three-year period after the second.

In addition, copies of the minimum hourly wage requirement shall be supplied to any person employed in the performance of a service contract at the request of such person and within a reasonable period of time after the request.
